

PRESIDENT'S AWARD 2017

This award, which the Committee decided to establish in 2007, is not necessarily an annual award. The President's Award is awarded to a member of the Company where recognition is due for a life time of service, achievement and involvement with the Heidelberg Theatre Company.

This year's recipient joined the HTC in 1983 and has been involved as an actor, director, production coordinator, committee member, a past play selection chair and treasurer.

As a Life Member of the Heidelberg Theatre Company, this year's recipient has contributed substantially over the past 34 years to the Company's success. His dedication to HTC and his substantial involvement across the many roles he has undertaken, both on and off stage, is recognised by many of us with great appreciation.

It is my pleasure to announce that Bruce Akers is the recipient of the President's Award in 2017.
