

BILL CHERREY AWARD 2025

This Award is named after one of the Heidelberg Theatre Company's long serving past Presidents, the late Bill Cherrey. It is given each year to an individual member of HTC as recognition of their outstanding contribution and service to the Company.

Our Theatre Company is privileged to be supported by so many talented people, both on-stage and just as importantly behind the scenes. Many past recipients of this award have come from support and technical areas, noting that a quality they all share is their generous contribution of their time, talent and dedication to ensure that HTC always delivers a great performance.

This year's recipient has been involved with HTC since the early 1980s and has contributed as an actor, director, production coordinator, front of house volunteer, HTC Youth mentor, play selection committee member, HTC Committee member and for the last 45 years has been a valuable all-rounder dedicated to HTC.

When a member contributes their talents and skills generously, willingly and enthusiastically to the Company, we are all the richer for their valuable contribution, as they add to the spirit that drives the Heidelberg Theatre Company.

I would now like to call on June Cherrey to come to the stage and present this year's Bill Cherrey Award to Joan Moriarty.
